Description:

Sofco Erectors, Inc., (Sofco) is a steel erector contractor in southern Ohio. On December 11, 1997, a Sofco employee was slightly injured while attempting to connect a horizontal beam suspended from a crane's load line to a column at a construction site in Mason, Ohio. Occupational Safety and Health Administration (OSHA) compliance officer Dale Henderson conducted an accident referral inspection from December 11 to December 18, 1997. As a result of Henderson's inspection, the Secretary issued a citation to Sofco on April 1, 1998, alleging a serious violation of § 1926.550(b)(2), for permitting an employee to be on the load of a crane while the crane was hoisting the load upward. The Secretary proposed a penalty of \$2,250.001.
