Description:

Review ". . . beautifully illustrated. It's also thorough, beginning with the selection of a pup and taking you through early field training." -- *Virginia Afield*

"...if there is a way to train your hound without pulling your hair out or getting ulcers, you'll find it in Falk's book." -- *New York Daily News*

"Falk offers the best training tools and equipment, the basics of nonverbal communication, obedience training, beginning field training, the lowdown on different breeds and more." -- *Outdoors Unlimited*

"In twenty-eight chapters, Falk manages to answer just about every question that a dog owner can come up with. Not only that, but the color and black-and-white photos are great. Worth its price, and then some." -- *Field & Stream*

"This is a book on dogs and dog training you don't want to miss." -- *The News Sun, Waukegan, IL*

From the Publisher The Master Training Series is designed to be the most comprehensive series ever developed for training dogs. Every volume is loaded with helpful suggestions, techniques, and color photos to make the training process most effective. The series authors have decades of specialized training experience and offer you the benefit of their years of practice and experimentation.
